## ABOUT US

In 2021, after 10 years of experience operating heavy machinery in the mining and earthworks sectors, Sarah Weymouth founded LSR Solutions Group Pty Ltd.

LSR Solutions soon after had Jeff Hunter join the organisation as an Operations Manager and Operator. Jeff has worked very successfully in the mining, civil and earth moving industries for the past 30 years and has a strong family history in bulk haulage, mining, civil and earthmoving, bringing a wealth of experience and expertise to the organisation.

In a short time, LSR Solutions have built a reputation in delivering professionalism and efficiency when getting the job done. We have delivered our bulk haulage solutions and services on a range of projects including domestic, commercial, civil, remote, grain & agriculture, government and industrial sectors.

## CORE COMPETENCIES

LSR Solutions pride ourselves on offering Logistics, Safety and Reliability to all customers from small jobs to large contracts for all bulk haulage needs across South Australia.

We have a growing fleet of Prime movers comprised of Road Train Side Tippers and Ridged Trucks and Quads and have the ability to quickly supply Watercarts, Loaders, Graders and Operators. We pride ourselves on solutions!

## SAFETY & COMPLIANCE

### WH&S ACT AND WORKPLACE PROCEDURES

Safety is a priority focus for LSR Solutions, the health, safety and welfare of all workers, contractors and clientele are of equal importance for all our operations. The Director, operations manager, operators and contractors work together to ensure a safe workplace for all whilst complying to the Work Health & Safety Act, Regulations and the AS/NZS ISO 45001 Safety standard. We are committed to drive and uphold a strong safety culture!

LSR Solutions operators (including contractors) must participate in LSR Solutions relevant Induction and Training Programs as set out in the LSR Solutions Training and Induction procedures.

## MAINTENANCE MANAGEMENT PLAN

LSR Solutions are very proud and passionate about their trucks, each truck has its own personal name!

LSR Solutions current maintenance management plan is in collaboration with a trusted local business, Coe's Auto Electrical whose services have proven to be second to none with an emphasis high quality works which in turn eliminates down time and loss of production through our machines being on point. So, we drive away with confidence knowing that our equipment is in safe and optimal working order.
